About SPORTZ VILLAGE

Sportz Village is India's largest school sports organization on a mission to get 100 million kids to play and create champions in life by integrating sports and physical education in schools and developing grassroot sports programs

SPORTZ VILLAGE EduSports
Holistic Education through Sports

In-School Program for all Children

Integrating structured sports and physical education program in school curricula

SPORTZ VILLAGE Foundation

Govt., CSR & Philanthropic Funds for Public Schools

Using sport to drive educational and developmental outcomes in disadvantaged children, youth and communities

PathwayZ
Grassroot to Elite

Talent Identification & Development

Building country's largest talent feeder, providing a structured pathway to talented student-athletes from grassroots to elite

SPORTZ VILLAGE xp

Integrated Brand Solutions

Experiential Sports Marketing programs, sports events, leagues, IPs and activations to help brands achieve marketing and social outreach goals

SPORTZ VILLAGE Advisory

Professional Consultation for School Sports

A stand-alone service by Sportz Village that offers customized solutions and strategies to help schools optimize their sports programs

Infinite Sports
SPORTZ VILLAGE

Specialist Coaching in UAE

UAE's leading hub providing specialist coaching in football, cricket, gymnastics, and swimming as well as school sports facilities

ARENAZ
PLAY VENUES BY SPORTZ VILLAGE

Sports Venue Management

Transforming sporting experiences by improving the sports ecosystem. Sportz Village ArenaZ offers sports venue management, sports infrastructure design, consulting and advisory services.

EduSports
Holistic Education through Sports

EduSports Program Characteristics

- Inclusive curriculum developed by experts
- Trained P.E. teachers & sports coaches
- Real-time monitoring system-Virtual and in-person visits conducted by managers
- Ratio of prop and equipment to students is 1:4
- Involvement of parents and teachers
- Inclusion of activities which can be conducted in limited space
- Sports-based events throughout the year
- Fitness, skills and SEL assessments
- Age-appropriate 70+ props and equipment

Aligned with NEP: National Education Policy 2020 & NCF: National Curriculum Framework 2023

Observed gaps in PSPE from our research on the ground

Lack of transdisciplinary learning

PE is still taught in a silo

Lack of holistic development

PSPE learning concepts rarely addressed with focus solely on fitness

Lack of Inquiry based teaching

Traditional, directed teaching methods prevail, contradicting IB's pedagogy of student centric teaching

Lack of IB PYP aligned assessments

Outcome focused assessment methods undermine the IB's philosophy of "process over product".

Put simply, PSPE becomes a massive missed opportunity to ensure the **Holistic development of children** as well as **compliance with IB PSP**

Empowering IB Schools: Comprehensive Personal, Social and Physical Education (PSPE) Solutions with EduSports

Seamless integration and enhanced curriculum delivery

True Transdisciplinary learning

Our lesson plans Seamlessly integrate into Units of Inquiry (UOIs), aligning with Central Ideas and Lines of inquiry where appropriate and encouraging Inquiry via Key Concepts

Learner profiles and ATLs:

EduSports' curriculum explicitly develops a majority of the IB Learner Profile attributes and the ATL skill categories through purposeful physical activities and a variety of games and challenges

Interdisciplinary Learning:

EduSports' Trainers collaborate with home and other subject teachers to create engaging and meaningful interdisciplinary learning experiences that deepen a student's understanding

PSPE learning outcomes

Lesson plans address all the conceptual understandings and learning outcomes in the movement strand outlined by the PSPE scope and sequence and a vast majority of those in the, wellness, identity and interaction strands

Inquiry Based Pedagogy:

EduSports' trainers are trained to take a student-centered approach in their teaching by using guided inquiry and promoting student choice, voice and ownership.

IB Aligned Assessments:

EduSports' provides support to plan and implement process-focused formative and summative assessments that monitor, document and report on student learning

Real-time Communication:

The weekly blogs and newsletters keep parents engaged in the learning community and informed about PSPE activities and progress

Curriculum planning and documentation tools

Unit planner

To plan units with authentic transdisciplinary learning, addressing:

- Central themes & Lines of inquiry
- PSPE Conceptual learning and Learning outcomes
- Key concepts
- Learner profiles
- Approaches to learning

Success criteria planner

To Plan and evidence the desired learning at the end of the unit in terms of:

- Knowledge
- Conceptual understandings
- Skills

Lesson Planners

To plan and evidence the the Inquiry based learning prompts and student agency strategies applied in lessons across a unit

Trainer reflection prompts

promote a culture of continuous growth and development by promoting trainer self evaluation on:

- teaching effectiveness
- Student engagement
- areas for improvement
- Alignment to IB PYP pedagogies

Note taking templates for Collaborative meetings

Question Prompts and note taking templates to ensure effective and meaningful collaborative meeting while planning Units

Sample Lesson curriculum planner

Thorough Unit Panners integrating PE with all aspects of the Unit of Inquiry

Assessment planners outlining the knowledge, concepts and skills that students will explore in the unit

Unit Planner

Transdisciplinary (TD) learning concepts- what parts of the central theme and which LOIs will your transdisciplinary learning focus on?			
PSPE Student Learning concepts and learning outcomes- what SLC and SLOs will drive the learning in this unit?			
Movement	**Wellness**	**Interactions**	**Identity**
What key and additional concepts will guide the inquiry? What Learner profiles and Approaches to learning are we looking to develop to support the learning in this unit?			
Key and additional concepts	**Learner profiles**	**Approaches to Learning**	

Unit time line:								
Lesson Plan code & name								
conceptual focus (PSPE/ TD)								
Key concept focus								
Learner profile								
Approaches to learning								

Individual Lesson Planner

Lesson code and name			
What is the focus?	☐ Transdisciplinary learning	☐ PSPE learning concepts & outcomes	☐ Motor skill development
ATL's and LPA's What ATL's and LPA's will you address and how?			
Inquiry and Student Agency How will you facilitate Inquiry based learning/ student agency? (list the questions or strategies)			

SPORTZ VILLAGE
EduSports
Holistic Education through Sports

Digitization of EduSports Curriculum on our Proprietary Monitoring Platform

- Trainers ensure lesson plan adherence and enhanced class execution quality
- 30 lessons for each grade from Nursery to grade 5
- Curriculum available on ES Online platform to Sportz Village trainers
- Continuous tracking by managers

Now modified to Align with IB Framework and teaching Pedagogies

each lesson plam tagged and mapped to:

- PSPE learning outcomes
- ATL's
- Learner Profiles

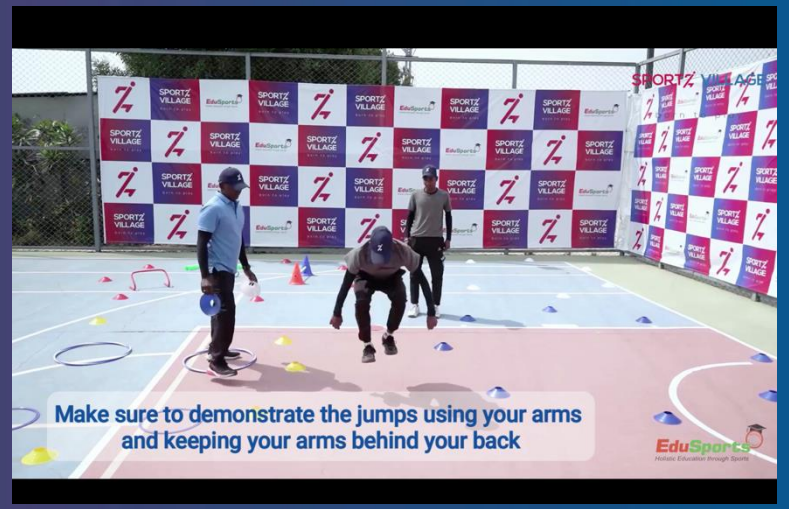
Includes Examples of how to implement Inquiry based & reflective question prompts within lesson plan

Includes Examples of how to enhance student agency as well opportunities for students to develop IB Learner Profiles and ATLs

Sample Lesson Plan

Digital lesson plans with examples UOI integration and facilitation of inquiry-based learning

Sample Video lesson plan



Example reflective questions:

1. What differences did you notice when you jumped while swinging your arms versus when you jumped with your arms behind your back?

2. Think about the last station, was there a difference in how far you could jump?

3. Which way was more fun and why?

Alignment to UOI

PSPE learning outcome: Exploring the body's capacity for movement

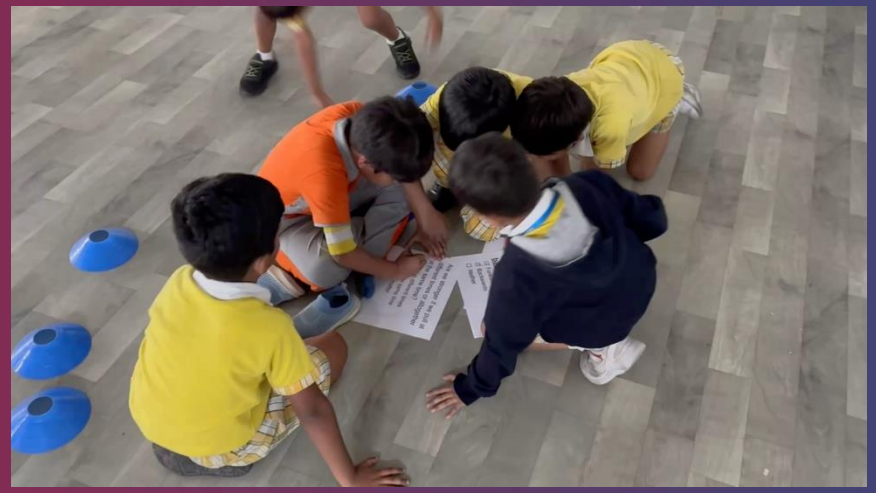
Key concepts: change and causation ✅

Learner profile: Inquirer ✅

Approaches to learning: Thinking skills ✅

Sample Inquiry based question prompts

Inquiry circles before and during activities for students to collaborate and explore concepts



Are we stronger if we pull at different times or altogether at the same time?

- ☐ Pull at different times
- ☐ Pull at the same time
- ☐ It doesn't matter

Should we lean slightly **forward** or slightly **backwards**?

- ☐ Forwards
- ☐ Backwards
- ☐ Neither

To stay as stable as possible, should we **stay tall** or **stay Low** while we pull?

- ☐ Stay tall
- ☐ Stay low
- ☐ Neither

HealthyMindz Assessment: A Comprehensive Test to Track the Fitness and Sport Skills of Children

Large database:
13L+ fitness assessment data points collected from 2800+ schools across India over last 15 years. Based on these data we have derived norms for grading fitness scores

Skill assessments:
Assesses different sports centric skills for different age groups

Fitness assessments:
Assesses physical fitness on various parameters such as aerobic capacity, anaerobic capacity, flexibility, core strength, upper body strength and lower body strength

Talent detection:
Measures the physical competency of a child. Both fitness and sports skills are taken into account

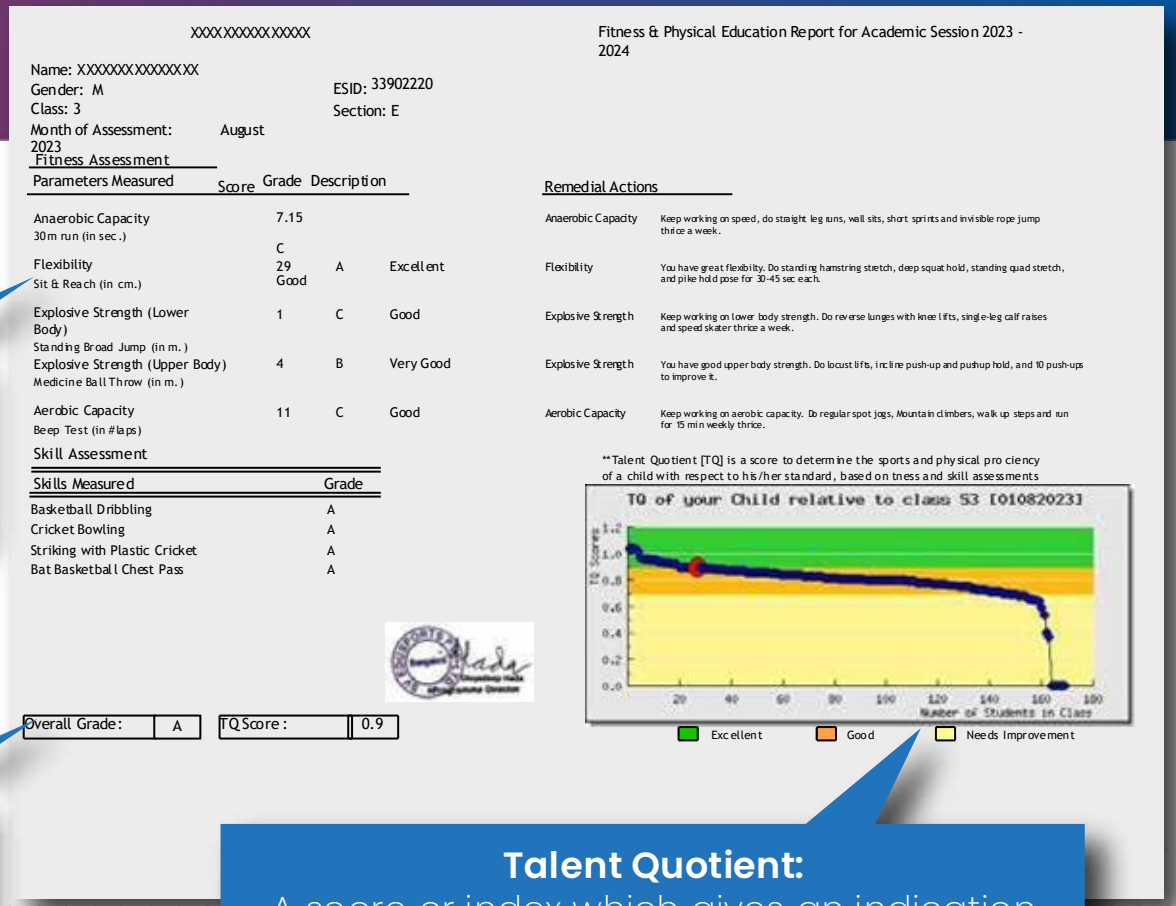
Assessment Benefits and Reports

01 Individual/collective action plan for improvement

02 Identification of the fittest child in each grade

03 Sports mapping

04 Identification of talent pool for school teams



XXXXXXXXXXXXX

Fitness & Physical Education Report for Academic Session 2023 - 2024

Name: XXXXXXXXXXXXX
Gender: M
Class: 3
ESID: 33902220
Section: E
Month of Assessment: August 2023

Fitness Assessment

Parameters Measured	Score	Grade	Description	Remedial Actions
Anaerobic Capacity 30m run (in sec.)	7.15	C		Keep working on speed, do straight leg runs, wall sits, short sprints and invisible rope jump thrice a week.
Flexibility Sit & Reach (in cm.)	29	A	Excellent Good	You have great flexibilty. Do standing hamstring stretch, deep squat hold, standing quad stretch, and pike hold pose for 30-45 sec each.
Explosive Strength (Lower Body) Standing Broad Jump (in m.)	1	C	Good	Keep working on lower body strength. Do reverse lunges with knee lifts, single-leg calf raises and speed skater thrice a week.
Explosive Strength (Upper Body) Medicine Ball Throw (in m.)	4	B	Very Good	You have good upper body strength. Do locust lifts, incline push-up and pushup hold, and 10 push-ups to improve it.
Aerobic Capacity Beep Test (in #laps)	11	C	Good	Keep working on aerobic capacity. Do regular spot jogs, Mountain climbers, walk up steps and run for 15 min weekly thrice.

Skill Assessment

Skills Measured	Grade
Basketball Dribbling	A
Cricket Bowling	A
Striking with Plastic Cricket	A
Bat Basketball Chest Pass	A

**Talent Quotient [TQ] is a score to determine the sports and physical pro ciency of a child with respect to his/her standard, based on tness and skill assessments

Overall Grade: A

TQ Score: 0.9

Fitness Assessment Scores

Skill Assessment Scores

Talent Quotient:
A score or index which gives an indication on how proficient a child is in sports. It takes into consideration both the fitness and skill assessments

Real-Time Monitoring Framework of the Training Program

Comprehensive training in program management, that includes tracking of curriculum and learning outcomes

Expert guidance in communicating program progress

Robust evaluation and quality control

Utilization of cutting-edge technology platforms to manage program data and monitor progress in real-time

Providing stakeholders with insightful data and analysis

Now providing support for IB aligned Assessment protocols and tools

Formative Tests

for continuous monitoring of learning during the unit

- Reflection circles
- Written and video Exit tickets
- Rubrics based trainer observations

Summative Tests

for assessing learning at the end of the unit

- Rubrics based self/ peer assessment
- Goal setting tasks
- Group projects

Sample formative assessments

Name:
Class:

Written Exit ticket - PSPE

Can you remember the different games we played in PE in the last 3 weeks?

What were some of the **roles and responsibilities** in those game that you played? Give examples

Roles and Responsibilities in a team ecosystem

By playing your role, how did you help Your team?

What would happen if you didn't play your role?

Think about a time when y**ou supported your teammate or when your teammate supported you**. Describe or draw how that made you feel.

Video Exit ticket

1) In todays activity the different roles were_____
2) The most important role was _____
3) This was the most important because_____

EduSports Program: Props to Aid Academic Learning, Cla Management, Fitness & Skills

PRESENTS

Pitch4Play

An Inter-school Pitch Deck Competition

Powered by

SPORTZ VILLAGE GET KIDS TO PLAY SUMMIT

A unique platform to bring out children's voices to identify and address barriers to sports and play using creative, meaningful and impactful ideas.

Themes of the Pitch Deck Competition

- Academic pressure and screen time limit kids' play
- Gender bias and social barriers in sports
- Lack of safe play spaces
- Safety, injury, and parental worries in sports
- Sports for mental and physical wellbeing
- Lack of community support to pursue sports
- Skill & fitness bias limit inclusive play
- Lack of multi-sports exposure for students limit inclusive play
